PROFESSIONAL PROFILE

Senior Software Engineer with 14+ years of experience in .NET, Azure, and React. At PayRetailers, I delivered a payment integration end to end as the sole developer, using documented requirements and staged review to guide AI-assisted development through an internal OpenSpec-based AI SDLC. At UST, I improved a Dell application's performance by ~30% and brought test coverage to ~80%.

SKILLS

Backend: .NET 10, Entity Framework, RESTful APIs, Worker Services, Minimal APIs, Polly, xUnit, Moq

Frontend: Angular, React, TypeScript, JavaScript, Node

Data: SQL Server, Oracle, DynamoDB, Cosmos DB, MongoDB, Redis

Cloud & Messaging: Azure Functions, Service Bus, Key Vault, App Insights, AWS Lambda, API Gateway, SQS, SNS

DevOps & Observability: Azure DevOps, Bitbucket Pipelines, GitHub Actions, Docker, Kubernetes, Terraform, OpenTelemetry, Grafana

Practices: AI SDLC / OpenSpec, spec-driven development, DDD, TDD, CQRS, Event-Driven, Agile / Scrum / Kanban

AI Tooling: Claude Code, Cursor

PROFESSIONAL EXPERIENCE

Senior Software Engineer - PayRetailers · Barcelona, Spain

Jul 2025 - Present

Payment processing platform with business-critical integrations.

- Migrated multiple services from Azure Functions to Service Bus-based worker architecture, enabling Kubernetes-native deployments.
- Implemented a payment integration as sole developer using PayRetailers' internal OpenSpec-based AI SDLC, reviewing AI-generated code against approved requirements.

.NET 8, Cosmos DB, Docker, Kubernetes, Terraform

Full Stack .NET Core Developer - Travelport · Barcelona, Spain

Jan 2024 - Jul 2025

Virtual payment solution for AMEX and Mastercard card generation.

- Architected the system from scratch integrating Azure Functions, Cosmos DB, and Key Vault with end-to-end traceability.
- Implemented Azure Key Vault and Auth0, strengthening authentication and secrets management.

.NET 8, Azure Functions, EF Core, React, Cosmos DB, Key Vault, Docker, Auth0

Full Stack .NET Core Developer - UST · Barcelona, Spain

Oct 2021 - May 2023

RB Iberia (Burger King Portugal & Spain)

- Led the integration by building a .NET 7 hosted service to ingest data, validate business rules, and call internal APIs with reliable data flow.
- Delivered the project under tight deadlines while maintaining high reliability and production readiness.

Dell

- Enhanced application performance by 30% through code optimization and refactoring.
- Achieved 80% test coverage by writing missing unit tests and implementing best practices.

PROFESSIONAL EXPERIENCE (CONTINUED)

Freelance .NET Core Developer - Rosario, Argentina

Nov 2019 - Oct 2021

End-to-end improvements across multiple .NET applications, focusing on modernization and stability.

- Migrated 5+ legacy applications to modern architectures, reducing technical debt and simplifying ongoing maintenance.
- Built REST APIs and backend services in .NET Core for clients across different industries, delivering production-ready solutions.

.NET Core Developer - Adrenalin Media · Sydney, Australia

Oct 2018 - Apr 2019

Hungry Jack's (Burger King) - high-traffic consumer app with thousands of active users.

- Improved app stability, reducing connectivity-related issues by 40%.
- Increased positive feedback on app stores by 20%.

Full Stack Developer - Stratos Technology Partners · Christchurch, New Zealand

Jun 2016 - Jun 2018

- WineWorks: Rebuilt a legacy application from scratch, migrating 200+ clients. Reduced production errors by 30%.
- Metrocard: Developed a secure payment portal for 200K+ active users, reducing transaction errors by 20%.

EARLIER EXPERIENCE

Rosario Bus S.A.· Nov 2015 - Apr 2016 · Rosario, Argentina: Built an internal driver communication platform, reducing paper usage by 70%.

Globant· Jul 2013 - Nov 2015 · Rosario, Argentina: Developed dispatch planning systems for Tenaris, streamlining business processes.

Neoris· Nov 2011 - Jul 2013 · Rosario, Argentina: SharePoint 2010 solutions for the NeoEnergia group (8 companies).

EDUCATION

BSc Computer Systems Analysis - Instituto Superior San Pablo, Villa Constitución, Argentina

Angular: Zero to Expert (2023); React: Zero to Expert (2024); AI Eng. with Claude Code (2026)

CERTIFICATIONS
